Mr M Mossop

Mabe  
Penryn  
Cornwall  
TR10

6<sup>th</sup> December 2012

Dear Mr Mossop

Thank you for emailing me about the proposed solar farm in Halvasso.

I was alarmed at the sheer numbers of solar farms proposed and granted on that map you gave me, and the intrusion on the landscape with the one proposed in Halvasso.

To this end I will ring Phil Mason, Head of Planning at Cornwall Council to raise concerns about the way this process has been carried out to date. I am of the opinion that Cornwall Council should call a halt to granting planning permission for these solar farms, until a county-wide assessment can be made of their likely impact on Cornwall's landscape and tourism industry.

Once again, thank you for meeting me about this important issue.

Kind regards,

George Eustice MP

Thanks for bringing  
this problem to  
my attention.
